

Dinosaur Name Practice!

YOU'LL NEED: CONSTRUCTION PAPER, SCISSORS, GLUE OR TAPE, MARKER OR CRAYON, GOOGLY EYES (OPTIONAL)

1. CUT OUT YOUR DINOSAUR

You will need:

- a half circle for a dinosaur body
- a circle for a head
- 2 or 4 dinosaur feet
- 1 triangle spike for each letter in your name!

2. PRACTICE YOUR NAME!

Write each letter of your name on a spike, then assemble your name on the back of your dino! Once you've got it how you like it, glue or tape the pieces together and add a face to make a fun dinosaur name card.

Dinosaur Feet!

YOU'LL NEED: DINO FOOT TEMPLATE, SCISSORS, CONSTRUCTION PAPER OR CARDSTOCK

Trace the dino foot template onto construction paper. Then, cut out the foot hole. You can decorate your dino foot with claws or patterns- then slip your foot inside to walk like a dinosaur! Remember to make (at least!) 2 feet!
