

Gratitude Pie Spinners!

YOU'LL NEED: 2 PAPER PLATES, SCISSORS, MARKERS, CRAYONS OR PAINT, GLUE OR TAPE, A METAL BRAD, SCRAP PAPER

1. COLOR & CUT

Use paint, markers, or crayons to color 2 paper plates so that they look like pie crust. What colors will you use?

Then, cut 2 paper circles, slightly smaller than the paper plates. One will be the filling, and one will be the top. Maybe you'd like to pick the colors of your favorite **FLAVOR** of pie! Glue or tape the circles into your paper plate crusts.

2. SET UP

Stack the plates on top of each other, and have a grownup poke a hole through both layers of plate, right in the middle. Then, cut a "slice" shape out of the top of your pie, so that the bottom plate can show through.

3. DECORATE

On your bottom pie "filling," **WRITE**, **DRAW**, or **GLUE** pictures of all the things you are thankful for! On the top, you can make a pattern like a pie crust, or write a thankful message.

4. ASSEMBLE

Stack your plates, and slide the brad through the holes in the center. Spread the prongs out on the back of the bottom plate. Now, spin the top plate to see all the different slices that make up your **GRATITUDE** pie!

Spin me!
