

PAPER BAG PANDA PUPPET

YOU'LL NEED: SMALL PAPER BAG OR CARDSTOCK, BLACK PAPER, SCISSORS, GLUE OR TAPE, MARKERS, CRAFT STICK, GOOGLE EYES

- Use a white paper bag or a white **RECTANGLE** of cardstock as the body of your panda.
- **CUT** and **TRACE** the templates below (or draw your own) to create **2** eye patches, **2** ears, and **2** arms for your panda. Use black paper or color them black.
- Glue or tape the shapes onto your panda body, and finish by drawing a face and adding 2 google eyes.
- If you use a bag, you can put your hand inside to use your puppet. Otherwise, tape a craft stick onto the back to create a stick puppet!
